

# Community Garden News

Spring is just around the corner! A great way to enjoy fellowship, sunshine and fresh air is by volunteering in our 35-bed community garden. Last year, we donated over 1,000 pounds of produce to the Chester County Food Bank and other food pantries throughout Chester County.

You can also rent one of the beds and grow your own vegetables for a small fee of \$60 for the season. All you need to supply is your plants. Soil, water, gardening tools and fencing are included with your rental. Expert gardening advice is always available by Steve Choc and the garden committee.

**Please join us at the garden—it's one of the best places to get to know the people of St. Paul's!!**
